CLASSPASS

All Gates employees are eligible to register with ClassPass, and Gates will cover the cost of the monthly fee for the unlimited live classes and online app features. Our partnership also provides reduced rates should you wish to participate in some of the other features of the program. This is a great way to keep up with your fitness goals even when traveling, or when gyms and fitness centers are closed or the classes you are interested in don't fit with your schedule.

Because some people like the energy of getting a good sweat on through in-person exercise classes and some people prefer to exercise in the privacy of their own space, Gates has partnered with ClassPass to provide you with access to the best of both worlds. With ClassPass, you can enjoy on-demand videos, livestream classes from global and local studios, wellness experiences, and in-studio classes all through one resource.

ON-DEMAND: Pre-recorded classes so you can work-out in your own time

LIVESTREAM: Get the same in-studio feeling by booking from a favorite studio, or try something new

CONNECT: Use the social feature to add coworkers, family, or friends.
Send Invites and take class together virtually or in-studio

IN-STUDIO: If safe and available in your area, take classes the same way you know and love!
